

## **Hello fellow book lovers!**

I wanted to let you know about some changes down in our amenities/ pool table room. There is a bookshelf there that I am converting to a book exchange corner. You may choose a book to read and just return it when you have finished it. Also, we will have a bin nearby and if you are thinning down your own collection, we welcome donations. Please remember that technical books need to be timely. Outdated books might provide the wrong information to someone wanting to learn more about a topic, such as real estate.

**Please enjoy the library!**
